

MINNEAPOLIS HERITAGE PRESERVATION COMMISSION

2018 ANNUAL REPORT

2018 ANNUAL REPORT FOR THE HERITAGE PRESERVATION COMMISSION

This publication is the Annual Report for the Minneapolis Heritage Preservation Commission (HPC) for its fiscal year October 1, 2017-September 30, 2018. It has been prepared according to the guidelines outlined in “Procedures for Applying For and Maintaining Certified Local Government Status (CLG).” CLG status is administered by the Minnesota State Historic Preservation Office (SHPO) for the National Park Service. Each year, the HPC applies for CLG grants through the SHPO. An Annual Report is one of the requirements for maintaining CLG status.

CITY OF MINNEAPOLIS

Mayor Jacob Frey
Council President Lisa Bender
Council Vice President Andrea Jenkins
Council Majority Leader Andrew Johnson
Council Minority Leader Cam Gordon
Council Member Alondra Cano
Council Member Phillipe Cunningham
Council Member Jeremiah Ellison
Council Member Steve Fletcher
Council Member Lisa Goodman
Council Member Linea Palmisano
Council Member Kevin Reich
Council Member Jeremy Schroeder
Council Member Abdi Warsame

HPC STAFF

COMMUNITY PLANNING & ECONOMIC DEPARTMENT (CPED)

250 South 4th Street
Minneapolis, MN 55415
www.minneapolismn.gov/cped

HERITAGE PRESERVATION FILES AND INVENTORY

Community Planning and Economic Development (CPED) is located in room #300 of the Public Service Center Building, 250 South 4th Street, and retains Landmark nominations and survey forms for properties in the city as well as inventory files for designated districts and other potentially historic properties. Some of these materials are in survey form and typically contain brief descriptions of the resource or building, an approximate date of construction, a statement of significance, and a photograph. For locally designated properties, CPED maintains records on applications that have gone before the HPC for approval, as well as minutes from HPC meetings. There is also a collection of books maintained on the history of Minneapolis.

RESEARCH AND CONTACTS

Survey and research information is available to the public during normal business hours. Those interested in researching any potential or known historic resource are encouraged to call for an appointment with CPED staff to discuss their specific needs or to view the HPC collection.

For more information or to schedule an appointment, contact HPC Committee Clerk, 612.673.3153

HERITAGE PRESERVATION COMMISSION

Created in 1971, the Heritage Preservation Commission (HPC) is a 10-member commission comprised of persons living within the City of Minneapolis who possess a demonstrated interest, as well as professional experience and expertise, in preservation work.

2018 HERITAGE PRESERVATION COMMISSION MEMBERS

Ginny Lackovic, Chair
Ian Stade, Vice Chair
Madelyn Sundberg, Secretary
Diana Dyste
Laura Faucher
Laurel Fritz
Barbara Howard
Susan Hunter Weir
Ginny Lackovic
Linda Mack
Claire VanderEyck

APPOINTMENTS

The City Council confirmed the reappointments of Commissioners Linda Mack and Laurel Fritz. And confirmed the new appointment of Claire VanderEyck, a Real Estate Development Associate.

38TH ANNUAL STATEWIDE HISTORIC PRESERVATION CONFERENCE

The 38th Annual Statewide Historic Preservation Conference was held in Winona, MN, September 12th through 14th. Set in a fellow river city with a strong history of milling, manufacturing, and shipping, proved to be naturally relevant to Mill City staff and HPC commissioners. Keynote speaker Dan Becker of Heritage Arts in Raleigh, North Carolina, stressed the importance of public participation and preventing demolition by neglect: two key issues facing host city Winona at a major downtown historic affordable housing site. HPC Chair Ginny Lackovic, Commissioner Laura Faucher, Commissioner Ian Stade, Commissioner Barbara Howard and CPED Staff John Smoley had the opportunity to attend sessions and tours focused upon a variety of CPED's mission-essential tasks, such as reviving underutilized commercial buildings with tax credits; using early code enforcement to prevent demolition; understanding developers' perspectives; coordinating complex interagency reviews; preparing to preserve Modern architecture; and managing sites with layered significance to multiple cultures. Two of the sessions at this year's conference featured HPC Commissioner Barbara Howard as a speaker: Making the Most of Modernism (1&2): Preparing for the Next Wave of Preservation (with John Smoley) and Bigger Than a Breadbox: Preservation Principles for Successful Site Stewardship.

2018 PRESERVATION MONTH PHOTO CONTEST WINNERS

To celebrate National Historic Preservation Month, Community Planning and Economic Development (CPED) held the 3rd Annual Preservation Photo Contest with photos submitted via Instagram, Twitter and Facebook using the hashtag #MPLSpreservation. The 2018 winners are:

THE HENRY LADD HOUSE

The Henry Ladd House is historically significant for its representation of Loring Park's brief tenure as Minneapolis' home for upper class families, its embodiment of Richardsonian Romanesque architecture, its association with master architect Harry Wild Jones, and its association with Henry Ladd.

Photo submitted by Sam Goertz via Facebook

PILLSBURY A MILL

The Pillsbury A Mill, is located in the St. Anthony Falls Historic District. The district, nationally and locally designated in 1971, is home to the only major waterfall on the Mississippi River. The Pillsbury A Mill which held the title for the largest flour mill in the world for 40 years, was recently converted to resident artist lofts.

Photo submitted by Sam Goertz via Facebook

ADVANCE THRESHER/EMERSON-NEWTON COMPANY

The Advance Thresher Building and Emerson-Newton Plow Company Building were locally and nationally designated in 1977. The Emerson-Newton Plow Company Building, built in 1904, mimicked the design of the Advance Thresher Building of 1900. These designs are examples of the influence of Chicago architect Louis Sullivan and his impact on Kees and Colburn as evident in their combined use of brick and terra-cotta in an integral façade design and broad projecting cornice.

Photo submitted by Emily Janisch via Facebook

DESIGNATIONS

This year the HPC designated one individual landmark and one historic district.

LOCAL INDIVIDUAL DESIGNATION

ST JAMES AME CHURCH

3600 SNELLING AVE

DESIGNATION: MARCH 15, 2018

As the first African American congregation in Minneapolis and Minnesota, St. James African Methodist Episcopal (AME) Church is historically significant to the city and state's social history (Criterion #1). St James' origins date to 1860, prior to the Civil War, when a group of freed African Americans started conducting house-to-house prayer meetings in the City of St. Anthony. With few historical or cultural traditions surviving slavery, churches like St. James became vital institutions to African Americans, offering wide-ranging social, religious, cultural, and political support rarely available to African Americans in mainstream America. St. James AME Church is currently at 3600 Snelling Avenue, where it has been since 1959. The current church is the only remaining church building that St. James AME constructed and is the longest place of worship for the congregation.

LOCAL HISTORIC DISTRICT DESIGNATION

CHURCH OF THE INCARNATION HISTORIC DISTRICT

3800, 3801, AND 3817 PLEASANT AVENUE SOUTH

The Church of the Incarnation Historic District is historically significant for its association with master architects Emmanuel Louis Masqueray, George Bertrand and Arthur Chamberlin, and Ellerbe and Company, as well as its association with master builder Horace Newell Leighton (Criterion #6). The district's buildings are also significant for their embodiment of the distinctive characteristics of several architectural styles; namely, Colonial Revival (the Incarnation rectory); Italian Renaissance and Romanesque Revival (the Church of the Incarnation); and Art Deco, Art Moderne, and International style (Moynihan Hall) (Criterion #4). These architectural traditions span the Roman Catholic Church's two thousand-year history, beginning with its Roman origins, to its Renaissance-era prominence, through America's Colonial roots, and into the era of architectural modernism. Following Masqueray's designs for the Cathedral of St. Paul and the Basilica of St. Mary, this commission was his last and largest parish church.

CLG GRANT

In January 2018 the staff received CLG grant funding to complete a context statement and reconnaissance survey related to Minneapolis music history. Minneapolis has a dynamic and diverse music history that spans a wide variety of genres. Public interest in this history has expanded in recent years and has been documented in a number of excellent books published by the Minnesota Historical Society Press, University of Minnesota Press, and others. This study pulls together information from those books and many other sources to document many of the city's most influential musicians, live music venues, recording studios, and other music-related sites.

The City retained the services of Hess, Roise, and Company to research, survey, and write much of the final document. After selecting the consultant, City staff outlined a public engagement campaign which included three events, social media posts, flyers posted in local record stores, and an online survey located on the project website.

CPED staff formed a steering committee comprised of local musicians, historians, journalists, and other music professionals. The group met several times throughout the project to provide feedback and direction.

One goal of the project was to identify as many sites as possible related to music history from 1850 to 2000. Over 200 properties were mapped and are available to view online. Among those properties, approximately 30 were identified that stood out from the rest as having integrity and for having particularly strong ties to music in Minneapolis. This smaller list of buildings received an intensive level survey to document their existing condition and building history.

The final report will be available on the project website and is intended to guide future preservation efforts related to music history.

This graphic was used to promote the study and encourage citizens to participate to help shape its outcome.

The Cedar Cultural Center is one of many music venues located in the West Bank area.

NATIONAL REGISTER OF HISTORIC PLACES NOMINATIONS

The HPC commented favorably on the following NRHP nominations:

NORTHROP MALL HISTORIC DISTRICT

700-708 CENTRAL AVENUE NORTHEAST

The Northrop Mall Historic District was nominated for listing in the National Register under Criterion C for statewide significance in the areas of architecture and landscape architecture. From the construction of the first buildings and landscape in 1910, through 1971 when the original plan was completed, the district represents an exceptionally important landscape through its embodiment of a prominent national period in campus planning: the Beaux-Arts or "City Beautiful" period. Envisioned by Cass Gilbert and detailed by Minneapolis landscape architecture firm Morell and Nichols, the Northrop Mall Historic District on the University of Minnesota-Twin Cities campus is the largest Beaux-Arts campus in the state of Minnesota. The Heritage Preservation Commission reviewed this nomination and recommended the district be listed in the National Register of Historic Places.

PIONEER HALL

615 FULTON STREET NORTHEAST

Also, on the east bank of the University of Minnesota-Twin Cities campus, Pioneer Hall is locally significant under Criterion A in the area of Education. Consisting of two four-story buildings joined by a flat-roofed link, this dormitory represents what was a new generation of on-campus housing previously unavailable to male students when it was constructed in 1931 (South Court) and 1934 (North Court). Architect Clarence H. Johnston, Sr. arranged these Georgian Revival features around a landscaped courtyard that forms a quadrangle. Later dormitories on campus (Centennial Hall, 1950; Frontier Hall, 1959; and Territorial Hall, 1959) followed principles pioneered in Pioneer Hall. The Heritage Preservation Commission reviewed this nomination and recommended Pioneer Hall be listed in the National Register of Historic Places.

PERMITS AND DESIGN REVIEW

The Minneapolis Heritage Preservation Ordinance requires the HPC and CPED staff to review alterations to landmarks, properties within historic districts, and properties under interim protection. Additionally, the ordinance requires CPED staff to review all wrecking and moving permits prior to issuance by the City to determine whether the affected property is a historic resource. If CPED staff determines that the property is a historic resource, the demolition requires approval by the HPC.

CERTIFICATES OF APPROPRIATENESS

The HPC reviewed 31 Certificate of Appropriateness applications.

HISTORIC VARIANCES

The HPC reviewed four Historic Variance applications.

APPEAL OF THE PLANNING DIRECTOR

The HPC did not review any appeals of the Planning Director.

DEMOLITION OF HISTORIC RESOURCES

The HPC reviewed seven applications for the Demolition of a Historic Resource.

CERTIFICATES OF NO CHANGE

CPED staff administratively reviewed 186 Certificate of No Change applications for minor alterations that did not change the historic integrity or visual character of the property.

WRECKING PERMITS

CPED reviewed a total of 126 wrecking permits.

CERTIFICATES OF APPROPRIATENESS – PUBLIC HEARING ITEMS

REVIEWED FROM 10/01/2017 TO 9/30/2018

NO.	DATE	ADDRESS	DESIGNATOR	PROJECT DESCRIPTION	OUTCOME
